Education
University of New Hampshire
Certificate in Full Stack Web Development, *UNH Coding Boot Camp,* '20

Work
Sales Representative at **Smoker's Haven Inc.**
August 2020 – present in Nashua, NH

Courtesy Clerk at **Shaw's Supermarket**
March 2020 – September 2020 in Nashua, NH

A very involved customer service position. Responsibilities included assisting customers at self check-out machines, point-of sale service, cash-handling and maintenance of POS terminals. Required teamwork with a large crew and communication with multiple department leaders.

IT Assistant at **ARC Technology Solutions, LLC.**
August 2015 – February 2018 in Nashua, NH

Responsibilities varied within the tech infrastructure of the company. Per diem activities included maintaining PC workstations throughout the business, addressing issues with phones/internet, and keeping up with IT scale goals of the company. Close communication with management and other employees was necessary to keep up with the tech needs of this business.

Personal
Coding Boot Camp at University of New Hampshire
 – Completed December '20

6 Month program covering all major technologies in Full Stack Web Development. Multiple large projects deployed/collaborated on. Technologies include HTML, CSS, Handlebars, JavaScript, JQuery, React, Express, MySQL, Node.js, MongoDB, and other various frameworks. Also familiar with Object-Oriented Languages like Java, C#, and Python.

HackExeter 2016 Programming Competition at Phillips Exeter Academy, Exeter NH

Created a video game engine in Java with a team of three and received Judges Choice Award.
